

PLAZA BUFF LIMESTONE

SPAIN

PLAZA BUFF LIMESTONE

SPAIN

Extracted from Spain, **this dense limestone reveals a light brownish, sandy earthen color.** These warm tones can vary depending on the finish you choose.

Our Plaza Buff Brushed finish is so spectacular because it mimics natural waves of movement like the ocean floor and provides balance to a monotone contemporary plank-style shape tile. **Incorporating multi-finishes gives designers the flexibility to enhance the textures while staying within the same "stone family."**

Plaza Buff is used throughout Europe and the world for wall veneer, paving, custom hearths, mantles, fountains and decorative features.

Please inquire for stock sizes, lead times and customized options.
